

## TT180803 - FUP - Your First Graphic Page

1. To add a new graphic page, open your FUP page, click on the “Graphic”, “New Page”

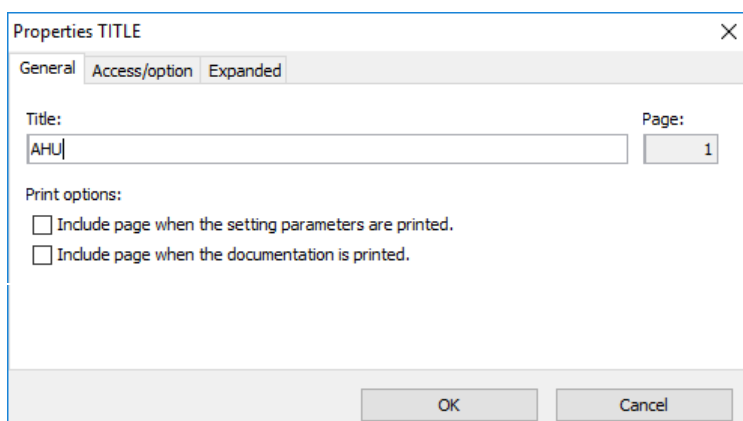

2. A graphic page number is assigned automatically. Click OK

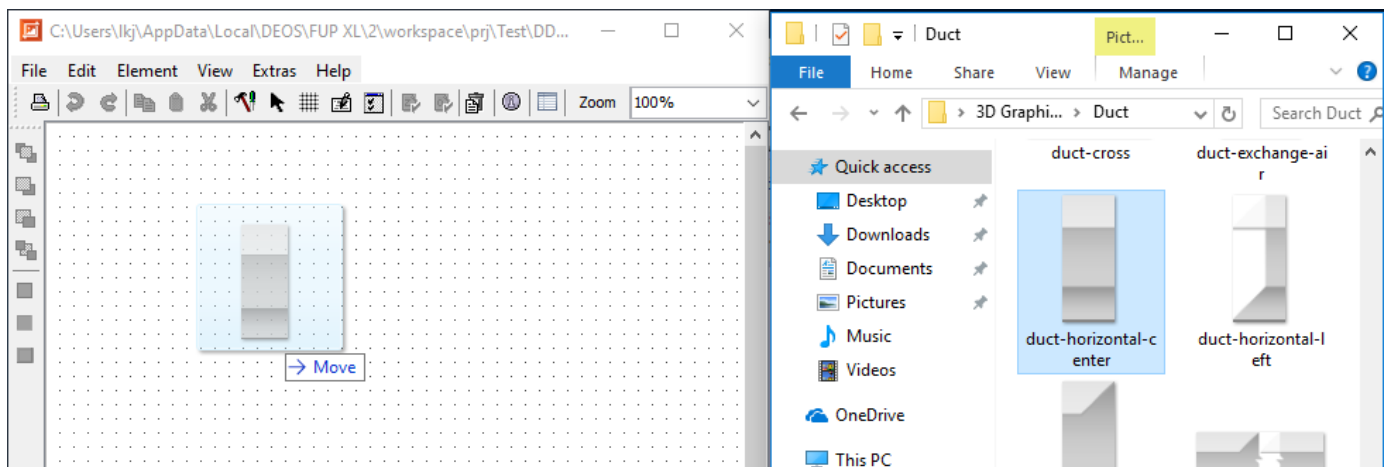

3. Now you can see the Graphic Editor. First, we change the title. Click “Extra”, “Title”

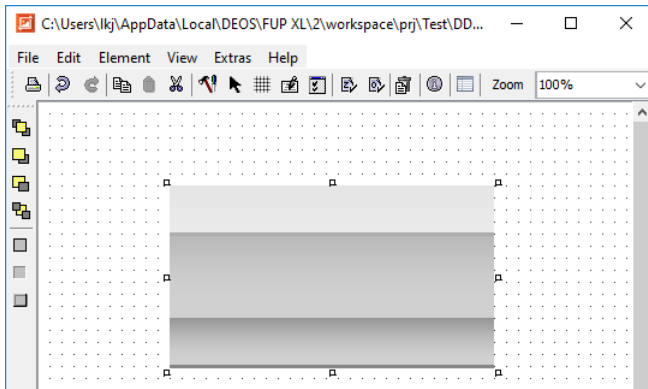

4. Type “AHU” for the “Title”, and click OK

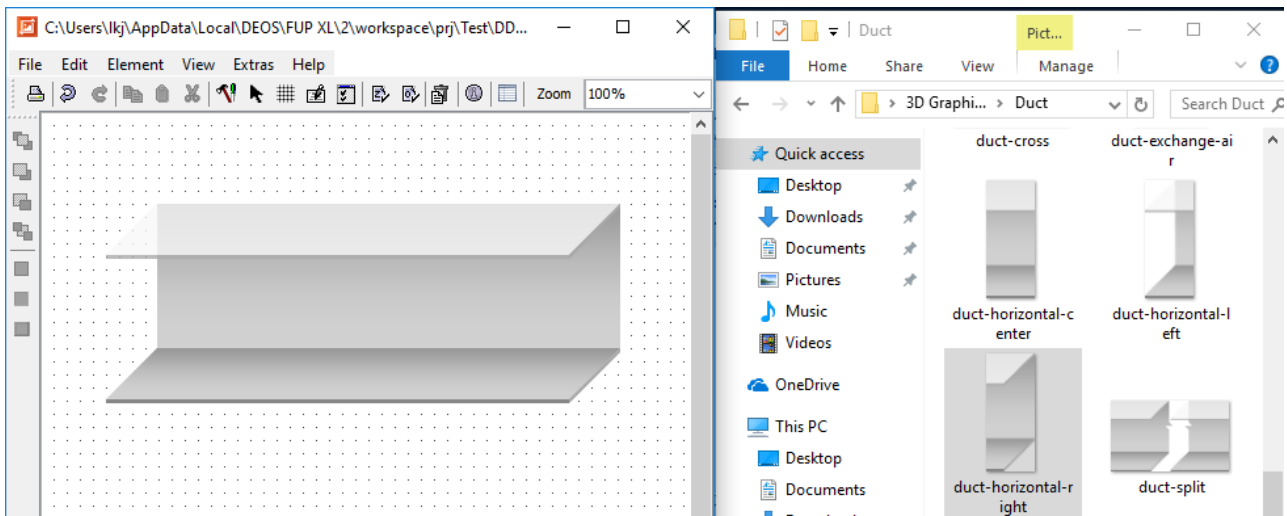

5. So now we draw the duct first. Open the “3D Graphic” directory and then to the “Duct” directory. Drag and drop the “duct-horizontal-center” to the graphic page

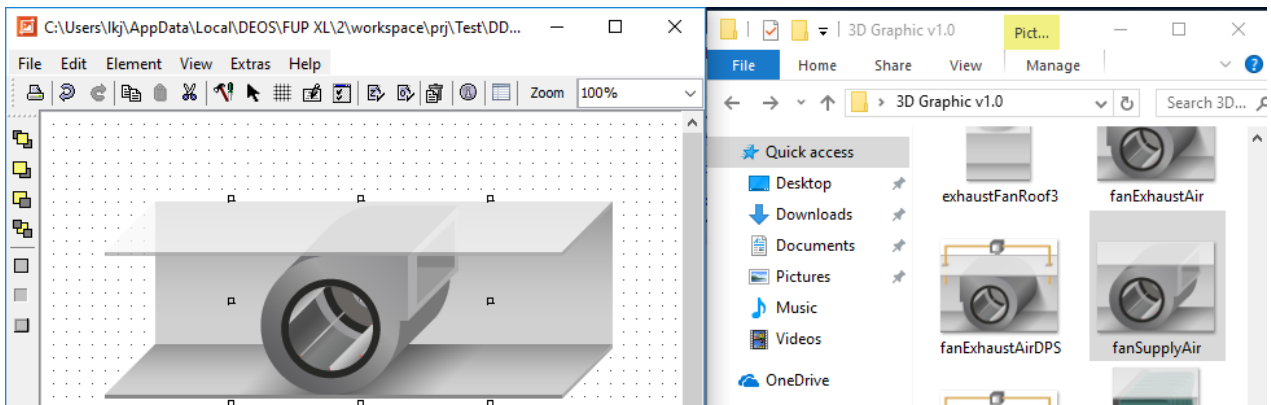

6. Make it longer using your mouse

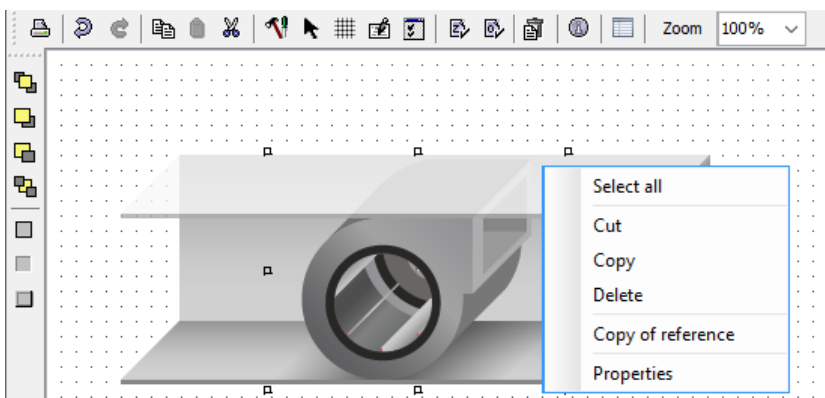

7. Now drag and drop the “duct-horizontal-left” and “duct-horizontal-right” to the graphic page, and move it to the correct position

8. Go up 1 directory, and find “fanSupplyAir”. Drag and drop and move to the correct position

9. To link the graphic to the point status, click on it, right click, and click “Properties”

10. Click on the  icon
